

Sebastian Meade

I am an artist from Freeport, Maine. I am a graduate of Ripon College in Ripon, Wisconsin (www.ripon.edu) with a BS in Studio Art.

My area of concentration is sculpture although I work in many different formats including painting, photography and I have made an award winning film. I encourage the audience to experience art, to be involved in the work. My work pulls the viewer in. I work with a whimsical approach to sculpture. I have exhibited public art that has generated audience and media attention.

I also encourage others to be involved in producing art. I teach at **Maine Arts Workshop** (www.maineartsworkshop.com) in downtown Freeport offering classes, workshops and artistic guidance to all ages. My art is in private collections and I have been in several group shows, including Emerging Wisconsin Artists at the Kohler Museum, 2005.
